5	16/02/2020	The Mail	“Did coronavirus originate in Chinese government laboratory? Scientists believe killer disease may have begun in research facility 300 yards from Wuhan wet fish market”	https://www.dailymail.co.uk/news/article-8009669/Did-coronaviruses-originate-	Yes	Scientists believe that coronavirus may have come from bats in a Chinese research facility.	<u>Full Fact: Two Chinese scientists have published an article suggesting that the 2019 coronavirus outbreak could have originated from bats in a laboratory in Wuhan. However, apart from maps showing the proximity of laboratories, they offer no evidence to prove this.</u>
6	16/02/2020	The Sun	“THE coronavirus could have spread from a Wuhan laboratory which housed 600 bats which attacked and “peed on” scientists, experts say.”	https://www.thesun.co.uk/news/10973774/coronavirus-wuhan-lab-bats-attacked/	Yes	Scientists believe that coronavirus may have come from bats in a Chinese research facility.	<u>Full Fact: Two Chinese scientists have published an article suggesting that the 2019 coronavirus outbreak could have originated from bats in a laboratory in Wuhan. However, apart from maps showing the proximity of laboratories, they offer no evidence to prove this.</u>
7	17/02/2020	The Express	“Did scientists know about coronavirus before outbreak? 'Disease X' warning revealed”	https://www.express.co.uk/news/world/1243420/coronavirus-	Yes	Scientists may have known about the new coronavirus long ago and called it “Disease X”.	<u>Full Fact: They didn't. This is a misunderstanding about the phrase “Disease X”, which the WHO used to denote an unknown serious new disease that might cause a pandemic.</u>

Example No.	Date	Publication	Headline	Link	Story remains accessible?	Claim	Reality
8	27/02/2020	The Sun	The NHS hasn't advised people to stop shaking hands to avoid the Wuhan coronavirus	https://www.thesun.co.uk/news/11052741/coronavirus-wash-	Yes	The NHS has warned people should not shake hands to prevent the spread of the Wuhan coronavirus	<u>Full Fact:</u> <u>This is incorrect. Although some doctors have suggested this may be a good idea, no advice around shaking hands had been issued by the government at this time.</u>
9	04/03/2020	The Mail	Did coronavirus leak from a research lab in Wuhan? Startling new theory is 'no longer being discounted' amid claims staff 'got infected after being sprayed with blood'	https://www.dailymail.co.uk/news/article-8188159/Did-coronaviruses-leak-	Yes	China may have developed COVID-19 in a lab.	<u>Full Fact:</u> <u>There is "no evidence" for this.</u>
10	10/03/2020	The Express	"Coronavirus may have been genetically engineered for the "efficient spreading in the human population," a bombshell new study has claimed."	https://www.express.co.uk/news/weird/1253135/coronavirus-genetically-engineered	Yes	Coronavirus may have been genetically engineered for "efficient spreading in the human population," a bombshell new study has claimed.	<u>Full Fact:</u> <u>This is wrong and the study does not claim the new coronavirus has been genetically engineered. It simply compares the genome sequence of SARS-CoV-2 with other coronaviruses, and suggests a reason why it might be spreading relatively efficiently.</u>

Example No.	Date	Publication	Headline	Link	Story remains accessible?	Claim	Reality
11	10/03/2020	The Express	Coronavirus news: Once infected you could have COVID-19 virus FOR LIFE, warns expert	https://www.express.co.uk/news/science/1253132/Coronavirus-news-	Yes	Individuals could suffer from COVID-19 for life.	An expert had commented that some people occasionally will retain an inactive form of the virus (this happens with other viruses). There was no “warning”, because there is no suggestion that people will suffer the virus symptomatically for life.
12	12/03/2020	The Mirror	Coronavirus 'may cause damage to men's testicles', doctors warn	https://www.mirror.co.uk/science/coronavirus-may-cause-damage-mens-21681342	Yes	Mens' reproductive health affected by COVID-19.	The article refers to a report, since retracted, which has not been peer-reviewed and is almost entirely speculative in nature. BioNews: <i>A report published online that suggests the novel coronavirus may lead to male infertility has now been removed...the team did not perform a study to assess male fertility in patients who had been infected with the coronavirus, and there is no evidence to suggest that the virus is found in the testes.</i>
13	19/03/2020	The Sun	Flu, anti-malaria, arthritis and HIV drugs 'showing promise' in fight against coronavirus	https://www.thesun.co.uk/news/11206632/flu-malaria-	Yes	Drugs used for flu and other viruses have been shown in tests to offer a possible cure for COVID-19.	Story implies tests have been carried out on patients, when it has all been lab-based. Claims China has reported one drug successfully cures patients, but provides no evidence of China doing so.

Example No.	Date	Publication	Headline	Link	Story remains accessible?	Claim	Reality
14	24/03/2020	The Sun	[Bill Gates “quote” story]: as reported by BuzzFeed	https://www.buzzfeed.com/joeydurso/coronavirus-fake-ill	Removed.	A quote reportedly given by Bill Gates was published. The “quote” suggested it is Mr Gates’ view that the virus has some supernatural purpose.	The quote was an invention: Mr Gates never said it. It is particularly dangerous given the conspiracy theories that exist about Bill Gates and his charitable work.
15	24/03/2020	The Metro	[Bill Gates “quote” story]: as reported by BuzzFeed.	https://www.buzzfeed.com/joeydurso/coronavirus-fake-ill	Removed.	A quote reportedly given by Bill Gates was published. The “quote” suggested it is Mr Gates’ view that the virus has some supernatural purpose.	The quote was an invention: Mr Gates never said it. It is particularly dangerous given the conspiracy theories that exist about Bill Gates and his charitable work.
16	26/03/2020	The Mail	“Coronavirus symptom tracker claims up to 6.6MILLION people in Britain may already have the life-threatening infection”	https://www.dailymail.co.uk/news/article-8154891/Coronavirus-tracker-	Yes	Data from a new app which tracks symptoms of Covid-19 claims that up to 6.6 million people in the UK have the disease.	Full Fact: This data cannot be extrapolated to the UK population. The number of people with Covid-19 may be higher, lower, or the same as claimed.
17	26/03/2020	The Telegraph	“Data from the free Covid Symptom Tracker suggests that one in 10 Britons may now be carrying the virus.”	https://www.pressreader.com/search?query=app&newspapers	Yes	Data from a new app which tracks symptoms of Covid-19 claims that up to 6.6 million people in the UK have the disease.	Full Fact: This data cannot be extrapolated to the UK population. The number of people with Covid-19 may be higher, lower, or the same as claimed.

18	26/03/2020	The Sun	“Coronavirus symptom tracker app suggests 6.6MILLION Brits already have Covid-19”	https://www.thesun.co.uk/news/11259093/coronavirus-us-	Yes	Data from a new app which tracks symptoms of Covid-19 claims that up to 6.6 million people in the UK have the disease.	<u>Full Fact:</u> This data cannot be extrapolated to the UK population. The number of people with Covid-19 may be higher, lower, or the same as claimed.
19	26/03/2020	The Star	“Fears 5G wifi networks could be acting as 'accelerator' for disease”	https://www.dailystar.co.uk/news/weird-	Yes	5G WiFi networks could be responsible for the rapid spread of the new coronavirus.	<u>Full Fact:</u> This is not true. There is no evidence that 5G WiFi networks are linked to the new coronavirus.
20	26/03/2020	The Express	Coronavirus warning: Nurse says long nails is one of the fastest spreaders of the virus	https://www.express.co.uk/life-style/health/1261359/coronavirus-cases-update-china-study-sexual-hormones-erectile-dysfunctio	Yes	Long nails contribute to the spread of COVID-19.	This is not an evidentially substantiated report. It is the opinion of a single nurse who published a post on Facebook which went viral.
21	27/03/2020	The Express	Coronavirus warning after study suggests COVID-19 could do this to men's sexual health	https://www.express.co.uk/life-style/health/1261359/coronavirus-cases-update-china-study-sexual-hormones-erectile-dysfunctio	Yes	Mens' reproductive health affected by COVID-19.	The article refers to a report, since retracted, which has not been peer-reviewed and is almost entirely speculative in nature. <u>BioNews:</u> <i>A report published online that suggests the novel coronavirus may lead to male infertility has now been removed...the team did not perform a study to assess male fertility in patients who had been infected with the coronavirus, and there is no evidence to suggest that the virus is found in the testes.</i>

Example No.	Date	Publication	Headline	Link	Story remains accessible?	Claim	Reality
22	28/03/2020	The Mirror	Coronavirus: People with Down's syndrome could be left to die to 'save' medical supplies	https://www.mirror.co.uk/news/us-news/coronavirus-people-downs-syndrome-could-21772296	Yes	Coronavirus: People with Down's syndrome could be left to die to 'save' medical supplies.	Despite the Mirror referring to Down's Syndrome, cerebral palsy and autism, the actual guidelines do not refer to any of these syndromes or disorders. The actual guidelines (which come from and relate to Alabama, USA which is not the home of many Mirror readers) refer to "severe or profound mental retardation", which sets an entirely different threshold.
23	28/03/2020	The Telegraph	This unprecedented curtailment of our freedom must end as soon as possible	https://www.telegraph.co.uk/news/2020/03/28/unprecedented-curtailment-freedom-must-end-soon-possible/	Clarification later appended	Researchers revised down death toll estimates from 250k to 5.7k.	The estimates were made at different times, by different researchers, in different circumstances.
24	31/03/2020	The Express	Coronavirus bombshell: Biosecurity expert exposes real 'origin of human virus transfer	https://www.express.co.uk/news/world/1262659/coronavirus-bombshell-biosecurity-expert-exposes-real-origin-of-human-virus-transfer	Yes	Pangolins are responsible for spreading the virus to humans in the first instance.	There is no conclusive proof that pangolins are involved in how the virus spread to humans.

Example No.	Date	Publication	Headline	Link	Story remains accessible?	Claim	Reality
25	31/03/2020	The Express	Coronavirus when pregnant: Childbirth during pandemic will be 'traumatic' warns expert	https://www.exhcn-pregnant-childbirth-newborns-covid-19-cases	Yes	Headline suggests being infected with coronavirus affects pregnancy.	Article goes on to set out that it's the view of an individual that, in Australia, the scarcity of resources and support available for pregnant women during the COVID-19 crisis is likely to lead to a traumatic experience of pregnancy. There is no connection to the UK, and COVID-19 does not affect pregnancy directly.
26	01/04/2020	The Sun	JAB HOPE BCG injection we all had as kids 'could protect against coronavirus' – so should we have another dose?	https://www.thesun.co.uk/news/11292581/anti-tb-injection-	Yes	The BCG injection is believed to protect individuals from COVID-19.	There is no evidence that the BCG injection protects individuals from COVID-19. Trials have not even begun.
27	01/04/2020	The Express	Coronavirus breakthrough: Doctor featured on Netflix's Pandemic finds COVID-19 'cure'	https://www.express.co.uk/news/world/1263291/coronavirus	Yes	Says cure found by Netflix-featured doctor.	No cure has been found. The doctor hasn't even been working on the virus directly.

Example No.	Date	Publication	Headline	Link	Story remains accessible?	Claim	Reality
28	01/04/2020	The Telegraph	"Ten times more people die of flu than covid-19"	<u>Print</u>	Print	"Ten times more people die of flu than covid-19"	To produce the claim in the headline, the Telegraph had to take figures from a single week (when the death toll from COVID-19 was far lower than it is in the present), and wrongly classify all respiratory illnesses as "flu". It is dangerous disinformation to suggest that COVID-19 is ten times less deadly than flu.
29	02/04/2020	The Express	Coronavirus cure: Does drinking warm water help cure coronavirus?	https://www.express.co.uk/life-style/health/1258204/coronavirus-cure-...	Yes	Headline suggests drinking water may help cure Coronavirus.	Article confirms - 80% of the way down - that it does not. But a fraction of those who see the headline will read this detail - believing instead that drinking warm water may contribute to protection from COVID-19.
30	02/04/2020	The Express	Coronavirus symptoms: Five signs you may have already had the COVID-19 infection	https://www.express.co.uk/life-style/health/1262217/coronavirus-...	Yes	Symptoms of many common illnesses are given as possible signs of having COVID – with the article suggesting that if you have experienced them, you are likely to have already had COVID.	Each symptom would be far more likely to have been a sign of having another illness – leaving people still vulnerable to COVID believing they may have already had the virus and are immune.
